RAMAIAH UNIVERSITY OF APPLIED SCIENCES

RUAS DEBATE CLUB

CAUSE & CONSEQUENCE

Explorer event The Debate Club

The Causes and Consequences is a thought-provoking debate that pushes participants to tackle bold "what if" scenarios in science, technology, and society. Through IF...THEN statements, speakers must combine technical insight, ethical reasoning, and persuasive delivery to defend or dismantle complex ideas with clarity, creativity, and conviction.

INSTRUCTIONS:

- **Open to all students**
- **This is an individual event.**
- **Arguments must be original and logically sound.**
- **Referring to notes is allowed, but reading directly will be penalized.**
- **Participants must adhere strictly to time limits.**
- **Personal attacks, inappropriate language, or topics involving religion or Indian political figures are strictly prohibited.**

Participants will be judged on the clarity and structure of their arguments, the depth and relevance of technical knowledge, ethical reasoning and creativity, engagement and delivery style, as well as their overall coherence and understanding of the topic.
