CYNERGY CODING CLUB

# RELAY HACKATHON

*Creator event* by Cynergy

**Organizing Club/Department:** Cynergy Coding Club - Department of CSE

**Event Description:** The Relay Hackathon tests teamwork, debugging, design, and development skills in a fast-paced, relay-style format. Each member tackles a unique challenge by fixing bugs, applying a theme, or adding a feature while mini treasure hunts add a fun twist to problem-solving and adaptability.

**Eligibility:** Open to all students of Diploma, UG, PG and Ph.D from AICTE/UGC approved institutions. Team participation allowed (4 members per team).

**Event Format:** Offline mode | Duration: 3–4 hours

- Round 1: Team member 1 will be shown a sample website and must debug the source code.
- Round 2: Team member 2 will complete a mini treasure hunt to find their question and incorporate it into the website.
- Round 3: Team member 3 will complete a mini treasure hunt to find their question and incorporate it into the website.
- Round 4: Team member 4 will complete a mini treasure hunt to find their question and incorporate it into the website.

Submissions to be made to GitHub after each round.

**Judging/Evaluation Criteria:**

1. **Accuracy of Solution** = 20 Points
2. **Time Taken** = 20 Points
3. **Creativity** = 20 Points
4. **Presentation** = 20 Points
5. **Teamwork & Strategy** = 20 Points
6. **Total = 100 Points**

**Rules & Guidelines:**

1. **Format**: Offline Mode
2. **Time Limit**: 3–4 hours
3. **No Plagiarism**: Use of pre-written scripts/tools is permitted if developed by the team
4. **Disqualification**: Any suspicious activity leads to disqualification
5. **Device Policy**: Participants must bring their own laptops and chargers
6. **Internet**: Not permitted

**What Participants Should Carry:** Laptops, chargers, and any required development tools.

RAMAIAH UNIVERSITY OF APPLIED SCIENCES
