SYNTH VISION ARENA

Explorer event RUAS AI Club

Welcome to SynthVision Arena, a real-time generative engineering gauntlet. This live competition challenges teams to architect and execute complex generative workflows in response to dynamic, on-the-fly prompts.

INSTRUCTIONS:

- **Open to all students.**
- **Participate solo or in teams of up to 3.**
- **Participants must bring their own laptops.**
- **All submissions must be pure, direct-from-model outputs.**
- **No post-render editing or manipulation is allowed.**
- **Teams will be given real-time generative prompts.**
- **Workflows must be executed live under computational constraints.**
- **Limited API calls are permitted.**
- **Teams must leverage diffusion models, ControlNets, and parameter tuning effectively.**

Winners will be decided based on the final submissions.

Faculty: Ms. Padma R – 72595 69405

Student: Daksha Subramanya – 93533 16112

Sudeep S Suvarna – 82178 07088
