SECTION C - Event Overview

1. Objective

   To give students a compressed, authentic simulation of founding, branding, and leading a startup within a single high-energy session building entrepreneurial thinking, brand strategy, crisis leadership, and pitching confidence that classroom learning alone cannot deliver

2. Event Description

LEADS Innovation Challenge is a 2:15 - hour startup leadership simulation where teams build a venture from a problem card, defend it through a live mid-event crisis twist, and pitch the complete journey to an investor-style panel testing innovation, adaptability, branding instinct, and leadership, all under real time pressure.

3. Learning Outcomes
   - Applied understanding of problem-solution fit and business model design
   - Rapid brand storytelling and visual identity thinking under time pressure
   - Crisis communication and adaptive decision-making when plans change

- Investor pitching, persuasive public speaking, and handling live questions
- Team-based leadership, delegation, and decision-making under pressure
